

Dear Parents/Guardians:

On _____(Date)_____, Grade/School)_____ will participate in a Body Safety program. This program is designed to educate children about child sexual abuse prevention. The presentation and program materials are provided by Riverview Center, Inc., Sexual Assault Prevention & Intervention Services.

The curriculum is age-appropriate and is approached as another important safety issue to add to what the children already know. No sex or violence is illustrated. A clear distinction is made between good touch, bad touch, and confusing touch.

Parents are welcome to sit in on the program. Please contact your child's teacher for presentation time. If you choose not to have your child participate in this presentation please contact your child's teacher. If you have any other questions about the program or about Riverview Center, please feel free to contact a Prevention Educator at 888-707-8155.
